The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The limitation of “from a **Class 2**, partial body harness to a **Class 3**,” as set forth in claims 1,5,13 and 16, is a vague and indefinite claim limitation, and thus does not lend itself to a clear understanding of the boundaries of the claimed invention. Correction is required.
